

Educators and Working Families Need Health Care Reform NOT Higher Taxes

The House and Senate have passed health care reform measures and are hammering out a final bill. We have to keep the pressure on to ensure that the final version will help, not hurt, educators and working families. The proposed excise tax on health care benefits would cost California school districts millions of dollars at a time when education budget cuts have already devastated our schools. Districts will be forced to make further cuts or pass on these tax hikes.

NATIONAL CALL-IN – Wednesday, January 13

BLITZ

FOR HEALTH CARE REFORM

Call your representative toll-free at

1-877-323-5246

Please do not limit your calls to January 13th

Urge your member of Congress to support educators and working families by voting for health care reform that:

- DOES NOT tax the health care benefits of educators and working families.
- Does not cause further cuts to local schools or educators.
- Reduces costs—and the best way to do that is with a public health care option.
