

SMETA members, check out our new blog at blogspot.

The purpose of this blog is to allow us the opportunity to have conversations about what's going on in education and our district. We also want to allow you to maintain some privacy. With this blog we hope to accomplish that. You can subscribe to the blog through email or if you are a blogger yourself you can follow our blog. The process is fairly easy to do. Anytime a new post is added you will get notified. We want to be able to get information out to our members as quick as possible. We want you to be able to converse with members from other sites, and we want to be able to support each other. So check it out at smetablog.blogspot.com. You can also link to the blog straight from our website at www.smeta.org
